Dear Jeremy

Congratulations, the Faculty of Science is pleased to confirm that you have received the grade of A- for your thesis and you will be awarded a Master of Science in Physics with Merit.

In order to have your degree conferred, please arrange for one hardbound copy and a pdf of your thesis to be lodged with the library. When this has been done the library will send us notification, and you will receive an email with information regarding graduation. Alternatively you can have the degree conferred *in absentia* at any of the monthly VUW Council meetings.

Yours sincerely

A/Prof Gillian Turner  
*Associate Dean of Science - Academic (Postgraduate)*
